No. 817/MA/O/C-4/1M-31/2015 (Pt – IV)

Date : 25-09-2020

ORDER

WHEREAS , Section 252 of the West Bengal Municipal Corporation Act,2006 (as amended) provides that specific permission of the Municipal Corporation shall be required by any person for digging or causing any damage to any public street or pavement within municipal area for any purpose whatsoever;

AND WHEREAS , different utility service providers regularly approach the Municipal Corporations for obtaining permission of the Municipal Corporation for cutting of the municipal roads/pavements to lay the underground utility services like water supply, electricity, telecommunication, drainage, sewerage, gas / oil supply etc.

AND WHEREAS , the immediate restoration of the municipal road /pavement , dug or damaged due to cutting of the municipal road / pavement for execution of the underground works by the utility service providers , is an essential requirement for the Municipal Corporation ;

AND WHEREAS , all the public streets and other public areas within a Municipal Corporation vested in the Municipal Corporation , are under the control of the Municipal Corporation with the responsibility of maintenance , control and regulating of the same in terms of Section 245 of the West Bengal Municipal Corporation Act,2006(as amended);

AND WHEREAS, it is expedient to frame a uniform guidelines for the Municipal Corporation for issuing permission for cutting of municipal roads to any person/authority for providing underground utility services, as mentioned above , after necessary verification of documents / maps / drawings/ layout plans , spot inspection, technical verification , demanding fees , submission of fees etc.

AND WHEREAS , the State Government is under compulsion to create and develop one web portal for the online submission of application for obtaining permission of municipal road cutting , online deposit of requisite fees ,online tracking of the status of the application , online uploading of the permission letter / certificate of the Municipal Corporation for road cutting etc. to implement the business reforms at the District level for Ease of Doing Business (EoDB) as per the instructions of the Department of Expenditure , Government of India;

NOW THEREFORE , the Government in the Urban Development & Municipal Affairs

Department , lays down the following guidelines for guidance of the concerned Municipal Corporation for issuing permission for cutting of the municipal road and other related steps for that , for the sake of uniformity , transparency in the process time-bound delivery of services :-

1) To obtain the permission from the respective Municipal Corporation , the applicant shall have to apply in the specific format (Annexure-I).The applicant may also apply online in the specified web portal to the Municipal Corporation concerned in the specified format. The format should be filled up properly else it will be treated as rejected due to absence of any data or documents.

2) The detailed drawing with regard to the municipal road cutting viz. length, width, depth, route map, latitude & longitude, structural detailing of inspection chamber along with size and location, detailing of micro tunneling etc. with respect to existing ground level shall have to be annexed / uploaded in the web portal with the application format.

3) After successful submission of application, the concerned Municipal Corporation authority shall arrange for a joint inspection in presence of the representatives of the applicant, all other relevant officials of the Municipal Corporation and local Police authority within 3 working days.

4) The joint inspection report along with all relevant documents shall be placed before the Municipal Corporation for final decision within next 2 working days.

5) On approval of proposal by the Municipal Corporation, a Permission Letter in the prescribed format (Annexure-II) will be issued in favour of the applicant subject to submission of restoration charges as determined by the Municipal Corporation, to the Municipal Corporation within next 2 working days. The demand of the restoration charges of the Municipal Corporation may be obtained through the web portal and the Permission Letter may also be downloaded from the web portal within that due time. The rejected proposal should be returned to the applicant by the Municipal Corporation (in Annexure-III) showing definite reasons within 7 days (excluding holidays) of the date of submission of application.

6) The applicant / implementing authority must follow the drawings, which have been submitted for approval. Under no circumstances the field works be deviated from the approved drawings. Otherwise the municipal authority may take every step to stop the field work and restoration of the deviated portion at the cost and involvement of the applicant / implementing authority. For any deviation from the approved drawing fresh approval of the Municipal Corporation will be required.

7) Completion period of the scheduled work as mentioned in the application form must be maintained strictly by the applicant implementing authority , failing of which penalty @ 5% of

total charge is to be deposited in each month of default for the first six months' of delay. It may be increased to another 5% for every six months thereafter.

8) Municipal Corporation concerned should issue instructions regarding safety and security purposes viz. a) barricading, b) engagement of manpower to arrange smooth traffic management, c) arrangement of proper illumination and reflectors during night, d) permission from local police station etc. to the applicant / implementing authority and the applicant / implementing authority must follow those strictly otherwise the Municipal Corporation shall intervene to stop the work at site.

9) The applicant/implementing authority must be well alert and careful during the execution of the work at field regarding existing other underground utility services and any existing structure. For any type of damage of existing underground utility services and any existing structure, the applicant / implementing authority shall be held fully responsible and the damages if any shall be restored properly on immediate basis, as per the timeline fixed by the Municipal Corporation, by the own cost and involvement of the applicant / implementing authority.

10) Total charges for restoration of municipal road/ pavement shall be calculated by the concerned Municipal Corporation using the latest SoR (Schedule of Rates) of the Public Works Department (PWD) applicable for the District concerned, based on the drawing which will have to be submitted by the applicant / implementing authority mentioning the type of road / pavement etc.

11) The implementing agency shall take all necessary measures to free the site(s) from debris, waste or any other hazardous materials so that the site(s) remain usable, safe and secured, on completion of the projected work.

This order shall take immediate effect.

By order of the Governor,

Sd/-

Joint Secretary to the Government of West Bengal
