## PREFACE

I am happy to know that the Annual Administrative Calendar of the State Government is being published for the 7<sup>th</sup> year.

A large number of schemes and programmes are taken up every year by the various departments of the State Government. Such activities and initiatives need round-the-year monitoring to ensure that the fruits of development are shared by all sections of society. Here lies the efficacy of the Administrative Calendar. It serves as a useful management tool for continuous monitoring and streamlines the efforts of the administration in providing time-bound service to the people of the State.

I hope, the Administrative Calendar for the year 2020 will play a major role in making the entire process of developmental governance more citizen centric and complement our efforts to fulfil the expectations and aspirations of the people of the State.

My heartiest greetings and best wishes to all concerned.

  
(Mamata Banerjee)
