13. In the event of the material being considered by Secretary, Asansol Municipal Corporation to be inferior to that described in the specification the Supplier shall on demand in writing, forthwith remove the same at his own charge and cost and in the

event his neglecting to do so within such period as may be stipulated by Secretary, Asansol Municipal Corporation may have such rejected materials removed at the Supplier's risk and expense, the expense incurred being liable to be deducted from any sums due, or which may become due to the Supplier.

14. If the Supplier or his work-people break or deface any building, road, fence enclosure or grass land or cultivated land, he shall make good the same at his own expense and in the event of his refusing or failing to do so, the damage shall be repaired at his expense by the Secretary, Asansol Municipal Corporation, who shall deduct the cost from any sums due, or which may become due to the Supplier.
15. Supplier shall supply at his own expense all tools, plant and instruments required for the due fulfillment of his Supply and the materials shall remain at his risk till the date for final delivery unless it shall have been in the mean time removed for use by Secretary, Asansol Municipal Corporation.
16. The Supplier shall not sublet without specified order from authority in respect of a specified sub-Supplier. In the event of the Supplier subletting his Supply without such permission, he shall be considered to have thereby committed a breach of Supply agreement and shall forfeit his security deposit and shall have no claim for any compensation for any loss that may have been collected or engagement entered into.
17. The decision of the concerned Superintending Engineer, MED shall be final binding and conclusive on all questions relating to the meaning of the specification.
18. The Secretary, Asansol Municipal Corporation shall have power to make any alteration in, omissions from, additions to or substitution for the original specification, drawings, designs and instructions, that may appear to him to be necessary or advisable during the course of supply of the materials and the Supplier shall be bound to supply the materials in accordance with any instructions which may be given to him in writing signed by the Secretary, Asansol Municipal Corporation and such alterations, omissions, additions or substitutions shall not invalidate the Supply and any altered addition or substituted materials which the Supplier may be directed to supply in the contract in the manner above specified as part of the work shall be supplied by the Supplier on the same conditions in all respects on which he agreed to do the main work, and at the same rates as are specified in the Quotation for the main work.

Secretary,

Asansol Municipal Corporation.

GENERAL RULES AND DIRECTION FOR GUIDANCE OF

QUOTATIONER / SUPPLIERS

1. *Responsibility and Power of Engineer-in-charge and his representative*

The Engineer-in-Charge or his representative shall monitor the supply position. He shall have authority to stop the work whenever such stoppage may be necessary to ensure proper execution of the contract. He shall have authority to reject any materials supplied which do not conform to the contract documents.

The Engineer-in-Charge or his representative shall have the power of inspection of all the materials supplied under this contract. In order that inspection services may be provided the contractor shall keep the Engineer-in-Charge or his representative posted regarding inspection & dispatch schedules.

All supplied items in pursuance of the contract shall at all times be open to the inspection of Asansol Municipal Corporation authority / Municipal Engineering Directorate and its representatives. The contractor shall at all times during the usual working hours, and at all other times at which reasonable notice of the contractor either himself be present to receive orders and instructions or have responsible agent duly accredited in writing present for that purpose.

2. *Disruption of Progress* The contractor shall give written notice to the Engineer Charge/ Asansol Municipal Corporation authority, as the case may be regarding the delay in supply of items or unless any further approval or order including a direction, instruction or approval is issued by the Engineer-in-Charge / Asansol Municipal Corporation authority, as the case may be within a reasonable time. The notice shall include details of the items that are to be supplied or order required and of why and by whom it is required.

3. *Contractors General Obligations and Responsibility* The contractor shall, subject to the provision of the contract, and with due care and diligence maintain the supply and provide all labour, including the supervision thereof, materials, and all other things, whether of a temporary or permanent nature, required in and for such maintenance, so far as the necessity for providing the same is specified in or is reasonably to be inferred from the contract.

1) **Programme of Supplies** The contractor shall furnish within a fortnight from the date of order the followings:

- a) Confirmation of the quantity of supply of items to be delivered.
- b) Delivery schedule of the ordered materials

4. Contractors to arrange all Labour: Materials: Tools & Plants unless otherwise specifically provided for in the schedule of materials attached to the bid, all materials supplied shall be approved type and as per specifications and shall be procured, brought at site and stored by the contracting firm at his cost and risk.

The rates quoted for the items shall be inclusive of all costs of materials, labour transportation, and storage. The rates shall also cover all taxes viz. Sales tax, any local taxes, duties etc that are payable by the firm under the law of the land. Statutory increase on such elements, if any during the period of contract shall not be paid extra.

6. Loss and Damage Neither the Municipal authority nor the Engineer-in-Charge or his representative shall be answerable and accountable in any manner for any loss or damage that may happen to the supplied materials or other things used in the performing the supply work, or for injury to any person, either a workman or any member of the public, or for damage to any property for any cause which might have been provoked by the contractor. The contractor shall properly guard against all these injuries or damages to persons or property resulting from his operations under this contract at any time before issuance of the certificate of completion of supply. He shall indemnify and save harmless the authority from all suits or actions of every description brought for, on account of, any injury or damage received or sustained by any person or persons by reason of the material supply work, negligence in guarding the same, the use of improper materials or of any act of omission or deviation from the contract.

7. Supervision of Work The Engineer-in-Charge or his representative shall have the power at any time from time to time by notice to the contractor to delay or suspend the progress in supply of items during unsuitable weather for any other adequate reasons and on receipt of such notice, the contractor shall forthwith suspend further progress of supply work until further notice from the Engineer-in-Charge.

The contractor shall recommence supply work immediately on receiving a notice to do so from Engineer-in-Charge. The whole or any part of the time lost for such delay or suspension shall, if authority in its absolute discretion thinks fit but not otherwise be added to the time allowed for, completion of supply of items. But the contractor shall have no claim to extra payment or compensation whatsoever on the grounds of above delay.

8. Employer's right to terminate contract If the contractor should be insolvent or bankrupt, (or in case the contractor is a company, it goes into voluntary or judicial liquidation) or he should make a general assignment for the benefit of his creditors or a receiver should be appointed on account of his insolvency, or he should persistently or repeatedly refuse or should fail, except in cases for which extra of time is provided, to supply enough proper materials, in order to maintain progress according to the progress of supply work, or he should fail to make prompt payment to labour contractors if any, or for materials or labour, or he should positively by laws, ordinance or the instruction of the Engineer-in-Charge or otherwise be guilty, of a substantial violation of any provision of the contract after giving the contractor seven days written notice terminate the employment of the contractor.

9. Supplementary Specification Whenever reference is made in these documents to certain special specifications, the reference shall be construed to include all subsequent amendments, changes or additions that are published and in effect at the date of signing of this contract.

The authority reserves the right to issue additional conditions, specification etc if necessary which will be incorporated with bid documents already sold to bidders for the purpose of the work.

10. Employer's right to split package

The authority reserves the right to split the package and accept or reject any part of the offer from the scope of supply work without assigning any reason.

11. Payments and Certificates

Payment for the supplies by the contractor will be based on measurements recorded at the receipt of the materials at site. The contractor or his authorized agent or representative shall be present at the time of recording of each set of measurements and sign the measurement book.

If for any reason the contractor or his authorized agent is not available, and the work is suspended by the engineer-in-Charge to avoid recording of measurements during the absence of the contractor or his authorized representative, the authority shall not entertain any claim from the contractor for any loss incurred by him on this account. If the contractor or his authorized agent or representative does not remain present at the time of such measurements after the contractor has been given a three day notice in writing, such measurements may be taken in his absence and shall be deemed to be accepted by the contractor.

12. ***Insurance of Works, etc.***

Without limiting his obligations and responsibilities, the contractor shall insure in the name of the Corporation/Municipal Authority and the contractor against any loss or damage from whatever cause arising for which he is responsible under the terms of the contract and in such manner that the Asansol Municipal Corporation authority and contractor are covered for the period of supply as well as during the period of maintenance for loss or damage arising from a cause, and for any loss or damage occasioned by the contractor in the course of any operations carried out by him for the purpose of complying with his obligations as follows:

The works for the time being executed to the estimated current contract value thereof together with the cost of materials supplied by the Municipal Authority free of cost.

Such insurance as mentioned above shall be effected with an insurer and in terms approved by the Asansol Municipal Corporation authority. The contractor shall bear the cost of all such insurance and whenever required, produce to the Engineer-in-Charge or his representative the policy or policies of insurance and the receipts for payment of the current premiums.

13. Notification of Insurer It shall be the duty of the contractor to notify the insurers under any of the insurances referred any matter or count which by the terms of such insurances are required to be notified and the contractor shall indemnify and keep indemnified the Corporation/Municipal Authority against all losses, claims, demands, proceedings, costs charges and expenses whatsoever arising out of or resulting from any default by the contractor in complying with the requirements of this sub-clause whether as a result of the avoidance of such insurance or otherwise.

14. All insurance at contractor's cost The insurances referred to in this bid document shall be entirely at the cost and expenses of the contractor.

15. Remedy on contractor's failure to insure

If the contractor shall fail to effect and keep in force the insurance referred to clauses hereto, or any other insurance which he may be required to effect under the terms of the contract, then and in any such case may effect and keep in force any such insurance and pay such premium or premiums as may be necessary for that purpose and from time to time and deduct double the amount so paid by the Municipal Authority as aforesaid from any moneys due or which may become due to the contractor or recover the same as a debt due from the contractor.

16. Idle Labor

No claim for idle labour would be entertained under any circumstances.

17. Inspection Facilities

The contractor shall provide necessary facilities for inspection of the supplied items for quality control by the Engineer and for the purpose of carrying his instructions as may be recorded in writing in site Order Book.

18. Labour Act

The contractor should obtain the license under the provision of the contract labour (Regulation and Abolition) Act 1970 and contract labour (regulation and Abolition) general rules, 1971 including the provisions of amendments made there under of the same to the office of the Executive Engineer within ten days after formal agreement.

The successful bidder whose bid will be accepted shall either personally deliver the license form in triplicate to the licensing officer of the area in which the establishment in relation to which the contractor is selected for the job. The application form in Form IV shall be forwarded along with Form V, which may be available from the EIC of the concerned Division Asansol Municipal Corporation authority, as the case may be.
