BACKGROUND & OBJECTIVE :

The West Bengal Central Valuation Board Act, 1978, was a legislation intended to bring forth a uniformity in the valuation of urban properties in West Bengal and also to introduce an objectivity in the valuation of lands and buildings in the urban areas for the purpose of Municipal taxation, and at the same time to secure a high yield of Municipal revenue in the form of Property Tax which constitutes the principal source of income for the urban local bodies.

Before the Board came into existence, the laying of the tax-base for urban property was left to be private assessors drawn from a panel maintained by the State Govt. in this behalf. Thus, an individual assessor or a firm of assessors used to be engaged by the Municipality for preparation of valuation list of the land and buildings of the concerned Municipal area. The result was extremely varied norms of valuation from Municipality to Municipality, discrimination in the matter of valuation from holding to holding caused by some extraneous factor and the Municipal valuation list objected to from all quarters.

In Kolkata, however, the Municipal Corporation has its own machinery for valuation of land and buildings in the city. But the systems followed have been subject of criticism both from the technical and fiscal point of view. In this perspective the Central Valuation Board was created for the purpose of providing objective and rational valuation of lands and buildings on scientific basis so that some principle of valuation may be followed for the purpose of Municipal taxation throughout the State and at the same time, an objectivity of approach is infused into the system with a view to removing the sense of discrimination which the rate-payers in general suffer from.

1.1. Existing Valuation Process:

As per the present system, valuation of any ULB takes place in every five years.

After the ULB adopts a resolution to re-value properties in its jurisdiction, it intimates the Department of Municipal Affairs. The State Government in Municipal Affairs Department issues a notification u/s 9(1) of the WBVB Act, 1978 specifying the area where the Board will commence work.

WBVB issues a public notice u/s 16 of the Act, *ibid*, asking the rate payers to file a statement [Schedule- III annexed to the West Bengal Valuation Board (Valuation of Land and Buildings) Rules, 1984] relating to their properties within 30 days from the date of publication of such notice. The notice is published in two newspapers of which one is in the vernacular.

Simultaneously, WBVB obtains from the ULB, the municipal maps showing the wards, streets, important places etc. along with the total number of holdings (ward-wise), as also a list of technically qualified Field Assistants (two for each ward) who are engaged by the ULB. These field personnel are imparted detailed training (theoretical as well as practical) by the Board's officers at the ULB level, for three days, on the following:-

1. Measurement of a holding, including land and building.
2. Recording the name of user, building type and nature of use as also rent particulars and period of tenancy, etc.
3. Writing of field books with various items
4. Writing of Inspection Book (ward wise /street wise) and also input sheets. (Combination of Sl. 1,2, 3.)

Thereafter the door to door field work begins and depending on the size of the ULB, the entire

exercise has to be coordinated over an appropriate period. Field Officers and Valuation Officers of the WBVB thoroughly supervise the work. All the field papers are received by the WBVB headquarters after completion of field reports.

At this juncture, a policy-level meeting is held with the Chairperson of the ULB, WBVB officials and the Member Secretary of the Board, taking into consideration the income and expenditure statement for the last two years of the ULB. Parameters such as zone, land prices nature of use and type of structures etc. are also discussed. Chairperson of the ULB is also requested to express his/her projected annual demand of Property tax.

Once the field is collected, symbolical, scoring, scoring is done on the data collected, and on the basis of the policy decisions numerical values are assigned to the symbolical scoring. This work is first done manually and then the data is fed into computer. All calculations are software based. Following this, a trial valuation list is generated in-house and on the basis of this another round of discussion is held with the ULB at the WBVB office, to ensure that errors have not crept in.

Then the Trial Valuation List is generated checking by the concerned ULB and thereafter Draft Valuation List (DVL) is prepared containing the proposed annual valuation and property tax for each holding of the ULB and after the signature of the Chairman, WBVB it is published in the manner as described in Rule 4 of the West Bengal Valuation Board (Valuation of Land and Buildings) Rules, 1984. This notification is published in two newspapers by the Board one of which is a vernacular. The Board also issues valuation notices to each individual rate payers whose names are included in the DVL mentioning that the Objection petition, if any shall have to be filed by the respective rate payer either to the WBVB office or to the concerned ULB within two months of receiving the notice. After receiving the objection petitions from the rate payers within the stipulated time, the objections are heard and disposed by the Objection Hearing officers (OHOs) specified by the WBVB, strictly as per the Hearing schedule finalised by WBVB in consultation with the ULB concerned. The Objection Hearing Officers hear and dispose of the objection petitions in the manner as specified in Rule 5D of the West Bengal Valuation Board (Valuation of Land and Buildings) Rules, 1984. Thereafter incorporating the changes on the valuation as determined by the Objection Hearing officers in the Order Sheets, the Draft Valuation List is modified accordingly and the Final Valuation List (FVL) is prepared. Final Valuation List (FVL) is published by the WBVB in two Newspapers, one of which is the vernacular. It is handed over to the ULB which becomes the Assessment list of the ULB concerned for the next five years with effect from of its effect.

1.2. Objective

The objective of the of the project is data entry, data processing and generation of Trial Valuation List, Draft Valuation List and Final Valuation List along with manual scoring on Inspection Book & corresponding data entry for digitization and generation of different statistical/MIS reports, for a period of 1 year, renewable for next 2 successive years.

- Generation of Trial Valuation List.
- Generation of Draft Valuation List.
- Generation of Final Valuation List after making changes following the order sheets of objection hearing.
- Preparation and publication of valuation reports for various ULBs in West Bengal, as may be required.

The Bidder must develop / arrange a customized Graphical User Interface (GUI) and Data Base Management system based computerized programming package with all types of validation facilities, subject to the satisfaction of this Board, for compilation of entered data and calculation of annual valuation and property tax.
13. The source code of the said programme package will have to be shared to this Board, whenever it will be required.
14. The Bidder must have adequate numbers of Printers at his office premises for carrying out the printing jobs smoothly.

B. FINANCIAL EVALUATION

Financial Proposal of the bidders qualifying in the evaluation of Eligibility Criteria & Technical Evaluation will be evaluated. The bidder who has qualified in the Eligibility Criteria & Technical Evaluation and returns with lowest quote (L1) in financial bid would normally be awarded the contract subject to Post Qualification.

C. AWARDING OF CONTRACT

West Bengal Valuation Board

An affirmative Post-Qualification determination will be prerequisite for award of the contract to the lowest quoted bidder. A negative determination will result in rejection of bidder's bid, in which event the WBVB will proceed to the next lowest evaluated bidder to make a similar determination of that bidder's capability to perform satisfactorily. The successful bidder (s) will have to give security deposit in the form of Performance Bank Guarantee.

D. POST QUALIFICATION

The determination will evaluate the Bidder's financial, technical, design, integration, customization, production, management and support capabilities and will be based on an examination of the documentary evidence of the Bidder's qualification, as well as other information WBVB deems necessary and appropriate. This determination may include visits or interviews with the Bidder's client's reference in its bid, site inspection, and any other measures. At the time of post-qualification, Directorate may also carry out tests to determine that the performance or functionality of the Information System offered meets those stated in the detailed Scope of Work.

E. AGREEMENT:

An agreement in the prescribed format shall be executed in NJ Stamp within 7 (Seven) days from the date of receipt of LOA.
